In the Claims:

Please amend the claims as follows:

a  
2  
1. (Amended) [A] In a process for purifying double-stranded DNA[,] comprising lysing cells followed by one or more chromatographic separation steps, the improvement comprising separating the DNA from other biological material in admixture therewith using ceramic hydroxyapatite column chromatography.

2. (Amended) A process according to claim 1 for purifying double-stranded DNA, comprising using two chromatographic steps, of which one is ceramic hydroxyapatite column chromatography.

Claim 11, line 3, change "diafiltrating" to --diafiltration--.
